

FINANCIAL POLICY

We feel that all patients deserve from us the very best dental care we can provide. Further, we feel that everyone benefits when definite financial arrangements are agreed upon.

We request payment in full for the estimated patient portion on or before the scheduled treatment date. In order that we may have a definite understanding regarding the payment of dental fees, we suggest one of the following plans:

1. Pre-payment of treatment:
Monthly installments may be made into the patient account to build up a credit to be applied to desired treatment.
2. Payment in full at time of service:
We offer a 5% adjustment for payment in full by cash or check. We do also accept payment via Visa, MasterCard, and Discover (without the 5% adjustment).
3. Extended payments:
We offer no interest and low interest financing options through Care Credit. Please contact the reception desk for further information on these plans.

In the case of a large treatment plan when the patient balance is expected to be over \$500 and/or the appointment time to be 90 minutes or longer; we ask for a 10% deposit upon scheduling the treatment appointment. This deposit will confirm and hold the appointment date. The deposit will become non-refundable if the appointment is cancelled or missed without 24 hours notice given.

I have read and understand the **FINANCIAL POLICY** as stated above.
